

NFC Quick Guide

Write a link to an NFC card using NFC Tools

What you need

-  Smartphone with NFC
-  NFC card/tag
-  NFC Tools app (iOS / Android)

Steps

1 Open the **NFC Tools** app

2 Tap **"Write"**

3 Tap **"Add a record"**

4 Select **"URL / URI"**

5 Enter your link (e.g. <https://example.com>)

6 Tap **"OK"**

7 Tap **"Write"**

8 Hold your phone near the NFC card

Done!

Your NFC card now opens your link when scanned 🎉

 Tip: Test your NFC card after writing to make sure it works correctly.
